

Resident Testimonials

"I've been living in The Pines since I first moved to Columbus and have been loving it! I was initially drawn to the modern interiors and the reasonable cost. I have stayed because of the superior staff and complex community. Each staff member knows me by name and any of my requests have been processed in a timely fashion. I advise anyone I know looking for a new home to strongly consider The Pines."

"The Pines at Tuttle Crossing is by far the best Apartment Community in the greater Columbus area. Over the years, I have lived in many communities but nothing compares to the experience you have when you come here. I remember the first time I walked through the clubhouse doors 3 1/2 years ago it was funny, I had the immediate feeling I was home. The appreciation for each resident is so apparent and the pride in this community shows the moment you drive in. The experiences I personally have had here confirms the fact that I made the RIGHT decision to live at The Pines."
